Profile

Logistics and operations specialist with over a decade of experience spanning maritime operations, offshore drilling logistics, and supply chain coordination. Proven track record of managing materials, inventory, and equipment for complex projects in the oil and gas sector. Started career working on international vessels, then progressed through key positions on drilling rigs—from storekeeping to quality maintenance engineering and logistics supervision.

In recent years, extended expertise into freelance logistics consulting: sourcing from Chinese manufacturers, organizing deliveries to Amazon warehouses, and building data-driven tracking systems. Equipped with strong technical and analytical skills (SAP, Excel, AutoCAD) and currently completing advanced studies in oil & gas engineering and supply chain management. Open to rotational, on-site, and remote logistics opportunities worldwide.

Key Highlights

- 10+ years of hands-on experience in supply chain, drilling logistics, and field operations.
- Strong background in offshore & onshore inventory management and equipment coordination.
- Expertise in SAP, AMOS, and warehouse systems for procurement, stock control, and reporting.
- Freelance logistics consultant: sourcing from China, Amazon supply chain integration.
- Developed mobile apps using Kotlin and Realm DB; skilled in Python for data analysis.
- Trilingual communicator: fluent in Russian, proficient in English, intermediate in Portuguese.

Skills

Logistics & Operations: Supply Chain Coordination, Inventory Control, Offshore Logistics, Warehouse Management, Vendor Sourcing, Procurement Planning, Risk Mitigation

Technical Tools: SAP ERP, AMOS, AutoCAD, MS Excel (advanced), Google Sheets, Adobe Acrobat, Amazon Seller Central

Programming & Data: Python (Pandas, NumPy), SQL, Kotlin, Realm DB, Swift, Java

Soft Skills: Cross-Cultural Communication, Team Leadership, Analytical Thinking, Technical Translation, Compliance & Safety Awareness

Experience

Freelance Logistics Consultant & Independent Project Developer

Self-Employed / Remote

Aug 2023 – Present

Brazil & Global

- Ran end-to-end sourcing and FBA ops (Alibaba/1688 → US/Brazil): RFQs, supplier vetting, Incoterms, AQL PSI, FNSKU/case-pack, Shipment Plans (SPD/LTL).
- Delivered measurable impact: reduced landed cost by 6–12%, improved OTIF to 95–98%, and cut stage lead time by 10–20% across repeat clients.
- Participated in AI model training for mathematics and reasoning (Outlier.org), creating and validating structured datasets for LLMs.

- Developed an educational mobile app (Education with FMT) using Kotlin, Realm DB, and Firebase; led product design, coding, and beta testing.

Quality Maintenance Engineer / Rig Warehouse Supervisor

SPBU Neptun, SPBU Astra, LSP Graifer – BKE Shelf Ltd (EDC)

Apr 2021 – Feb 2025

Caspian Sea

- Provided configuration and software support for offshore operational systems (SAP, AMOS).
- Conducted technical diagnostics, tracked certifications, and supported maintenance quality audits.
- Managed offshore warehouse operations: inventory, tooling, consumables, and reporting.
- Oversaw budgeting for rig operations and spare parts procurement.
- Translated technical documentation for compliance and audit preparation.

Onshore Logistics Coordinator / Supervisor

Krupskaye Field – Aurora (Gazprom Shelf Project)

Jun 2022 – Dec 2022

Krasnodar Krai, Russia

- Coordinated land-based logistics for a major drilling site: supplier deliveries, warehouse intake/output, and documentation.
- Performed market analysis to support procurement decisions and reduce sourcing costs.
- Supervised QC inspections on incoming equipment and spare parts.

Offshore Logistics Coordinator / Supervisor

Perro Negro-8 – Aurora (Gazprom Shelf Project)

Aug 2021 – Oct 2021

Caspian Sea

- Managed offshore logistics operations: supply vessel scheduling, material loading/unloading, and port coordination.
- Participated in offshore planning; ensured compliance and safe delivery of cargo.
- Conducted readiness inspections and supported reporting on logistics performance.

Offshore Material Coordinator / Storekeeper

SPBU Astra, SPBU Neptun, LSP Korchagin, LSP Filanovsky – BKE Shelf Ltd (EDC)

Nov 2017 – Apr 2021

Caspian Sea

- Supervised inventory control and warehouse management on multiple offshore rigs.
- Used SAP and AMOS to maintain accurate records of material transfers and consumption.
- Performed quality checks, ensured compliance with certification and offshore logistics standards.

Deck Pusher

SPBU Astra, SPBU Neptun – BKE Shelf Ltd (EDC)

Mar 2014 – Nov 2017

Caspian Sea

- Led deck operations: cargo handling, rig-up/rig-down procedures, and crane coordination.
- Conducted daily inventory tracking and oversaw safety compliance for all deck activities.
- Coordinated with logistics and drilling teams to ensure uninterrupted material flow.

Sailor & Third Officer

Briese Schifffahrts GmbH & Co. KG, Clipper Fleet Management

Oct 2009 – Nov 2013

Worldwide

- Progressed from Cadet to Third Officer aboard multipurpose cargo vessels with multinational crews.
- Performed navigation watch, managed safety drills, and ensured MARPOL/SOLAS compliance.
- Conducted deck maintenance, cargo supervision, and emergency operations coordination.

Education

Master's Degree (Ongoing)

Oil and Gas Engineering

University of Aberdeen, UK

2025 – 2027

Postgraduate Diploma

Logistics and Supply Chain Management

London School of

International Business, UK

2025

Postgraduate Diploma

Computer Technologies

Krasnodar Multi-Profile

Institute, RU

2023 – 2024

Bachelor's Degree

Energy and Resource-Saving in Petrochemical Tech

Astrakhan State Technical

University, RU

2015 – 2019

Vocational Education

Marine Navigation – Technician Navigator

Volga State Academy of

Water Transport, RU

2005 – 2009

Certifications

- IBM Data Analyst Specialization
- Data Analyst Associate – DataCamp
- SAP S/4HANA – Supply Chain Management (*SAP Learning, 2025*)
- Amazon FBA Fulfillment & Inventory Training (*Seller University, 2025*)
- Diploma in Supply Chain Management (*Alison, 2025*)
- Google Sheets for Data Analysis (*Google Skillshop, 2025*)
- Python for Supply Chain Analytics (Pandas) (*Kaggle, 2025*)
- Oxford ELLT Certificate – Grade 8 (Advanced English Proficiency)
- ISF Marlins English for Seafarers
- BOSIET, FOET, Medical First Aid, Advanced Firefighting
(*Certificates expired, can be renewed upon request*)
